PROFILE

Ambitious young professional. Self-driven and hard working, constantly looking for an opportunity to optimise day-to-day tasks. Combination with my passion for technology and soft skills makes me a great asset to a modern and diverse team. The will of self-improvement helped me to become an independent problem-solver who is not limited by the first page of Google search results.

TOOLS

Frontend Technologies - HTML5, CSS, SASS, CSS Modules, Flexbox,
